# OUR MISSION

Harnessing the power of state-wide consensus, the Oregon Winegrowers Association stands as the vital advocate for the health, growth and economic sustainability of Oregon’s wine industry. We are a member-driven advocacy group advancing the interests of the largest agricultural economic impact sector in the state.

The Oregon wine industry is growing rapidly and now includes more than 750 wineries and 1,100 vineyards. Joining our community as a Service Member of the Oregon Winegrowers Association is the best way to extend and enhance your visibility among this thriving group of winemakers and wine grape growers.

As a proud Service Member of the Oregon Winegrowers Association, TricorBraun WinePak has experienced dedicated support with marketing our services and highlighting our brand. This has expanded our reach within the Oregon wine community. TricorBraun WinePak takes pride in showing our support in the communities in which our customers work and live. The Oregon Winegrowers Association has helped us to make even more meaningful connections within our communities. Thank you to our Oregon partnership accounts and the association!
